

United States Department of State

Washington, D.C. 20520

APR - 7 2004

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of technical data, defense services and defense articles to Canada and Australia to support the manufacture, procurement, assembly, and testing of new components necessary to upgrade Light Armored Vehicle (LAV-25) turrets for end-use in Canada, Australia, New Zealand and the United States.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, reading "Paul V. Kelly".

Paul V. Kelly
Assistant Secretary

Transmittal No. DDTC 003-04
